Monthly Report

PAR 245

31 Oct 67

SUBJECT: BPE High-Magnification Lens Sets

TASK/PROBLEM

1. Design, fabricate, and test prototype optical systems to extend the Briefing Print Enlarger (prototype) PAR 243A upper limit magnification range from 60X to 140X - 160X.

DISCUSSION

2. Performance tests on the 60X to 97X and the 95X to 150X lenses and on the deliverable condenser assemblies were satisfactorily completed.

3. The performance specification was written and submitted to the customer for approval.

PLANNED ACTIVITY

4. Following the customer's acceptance of the performance specification, both the lens and condenser sets and the lens storage cabinet will be delivered to the customer for checkout on the prototype BPE at the customer's facility.
